

George Vasic
Equity Strategist and Chief Economist
UBS Canada

Mr. Vasic joined UBS's Canadian research team in 1993. In this capacity, he incorporates UBS's key global research themes in his Canadian equity market and economic outlook, sector rotation and asset mix recommendations. He has consistently received high rankings in both the strategy and economics categories, has received awards for forecast accuracy, is widely quoted in the media and for five years was a contributing editor to Canadian Business magazine. Prior to joining the firm, he worked for a total of 14 years as a director of research at DRIWEFA and as consultant at PricewaterhouseCoopers. Mr. Vasic has a B.A. (Econ) from the University of Windsor (1978) and an M.A. (Economics) from McMaster University (1979).
